Internationale Gesellschaft für Elektrosmog-Forschung IGEF Ltd International Association for Electromagnetic-Research IGEF Ltd

CERTIFICATE

The results of the biophysical investigation confirm that the use of the

E-Protect-Card

beneficial to cardiovascular processes and the vegetative nervous system and as a protective measure is suitable for high-frequency electromagnetic radiation and electrosmog. The current validity this certificate can be checked on the Internet at www.elektrosmog.com/igef-zertifizierte-produkte-2.
